According to Corporate INTL, the awards "commemorate(d) those who have been active over the past 12 months and who have shown excellence not only in expertise but in service and during a difficult global economic downturn. For all our awards we have undertaken detailed research in all categories through our editorial and research teams and following that research we create a shortlist of firms that are experts in their chosen specialisms. The firms that are shortlisted have been researched by our own independent team looking at service range, business type, geographical location, how the business operates and the expertise each team can offer to companies that either trade or may want to trade in their chosen jurisdiction."

The awards were chosen by an independent panel of senior lawyers and leaders from industry and private practice. Corporate INTL's circulation is global and consists of leaders in the legal and financial advisor community, senior management of leading businesses both public and private, the venture capital community, and members of networks and alliances.
