

PRACTICE CONTACTS

- Dan Millea
- Jane E. Warring

Zelle attorneys handle coverage disputes and litigation arising out of significant data breach losses. We represent insurers adjusting and litigating claims resulting from ransomware attacks under breach response policies, as well as first-party property and CGL policies. We marry our deep experience with first-party and business interruption claims with our extensive cyber risk expertise to provide insurance clients with unparalleled representation.

Presentations/Speaker Requests

Zelle attorneys are frequently asked to speak to industry groups and insurance companies concerning this evolving risk area. [Click here](#) to receive information on having Zelle present a seminar for your group or company.

REPRESENTATIVE MATTERS

Provide advice to insurers with respect to coverage for data protection costs, extra expenses, and business interruption damages under cyber risk policies and endorsements.

Provide advice to insurers with respect to third-party liability coverage under cyber risk policies.

Provide coverage advice and counsel to foreign and domestic insurers on issues arising from “silent cyber” claims in property policies.

Defend multiple insurers in litigation involving \$1 billion-plus claim arising out of alleged NotPetya related losses to a Fortune 100 company.

Work with technology companies, accountants, and other consultants to assist insurers in understanding coverage and exposure with respect to claims under cyber risk policies.

Represent insurer of Fortune 100 retailer in claims arising from hacking theft of substantial quantity of customer credit card data and other personally identifiable information.

Pursue subrogation on behalf of savings & loan and its insurer against internet service provider whose negligent conduct allowed hacker entry into S&L customer accounts and fraudulent transfer of funds.

Cyber Risk and Losses

Assist in drafting policy provisions for breach response policies.

Defend class action arising out of data breach under cyber liability policy.
